CAREER OBJECTIVE

Dedicated and result-oriented Physics educator with strong subject expertise and a passion for experiential, hands-on teaching. Skilled in simplifying complex concepts through experiments, audio-visual demonstrations, and activity-based pedagogy achieving **90% concept retention**, fully aligned with the **National Education Policy (NEP) 2020**. Proven track record in Experimental, STEM and Composite Lab Development, Curriculum Architecture, and academic administration. Experienced in conducting 100+ physics workshops and faculty master-training programs across reputed schools pan-India (including CMS Lucknow, DPS & D.A.V.). Seeking to contribute energetic teaching, robust academic coordination, and a deep commitment to building future-ready, lab-driven learning environments.

NATIONAL CERTIFICATIONS & ACCREDITATIONS

 GATE (Physics) Graduate Aptitude Test in Engg.	 HTET (Mathematics) Haryana Teacher Eligibility Test	 CTET Level I Central Teacher Eligibility Test	 CTET Level II Math & Science • CBSE
--	---	---	---

PROFESSIONAL EXPERIENCE

Physics Faculty, Master Trainer & Academic Manager — [Desco Education Pvt. Ltd. \(Jigyasu\)](#)

2025 – Present

- Working as Physics Faculty, Master Trainer, and Academic Manager, leading curriculum delivery and faculty development across partner schools.
- Lead **Experimental Lab Development** and **STEM Lab Development** projects, designing activity-based lab setups aligned with NEP 2020 guidelines.
- Design and implement **Composite Lab structures** integrating Physics, Chemistry, Biology, and Mathematics for interdisciplinary, experiential learning.
- Drive Curriculum Development initiatives, aligning lesson plans, lab modules, and assessments with the NEP 2020 competency-based framework.
- Conduct hands-on physics workshops across reputed schools throughout India — including **City Montessori School (CMS) Lucknow, D.A.V. Public Schools, Delhi Public School (DPS)**, and Government Schools in Odisha — promoting experiential learning.
- Train and mentor fellow educators on innovative, experiment-based teaching methodologies and modern lab facilitation techniques.
- Oversee academic planning, coordination, quality assurance, and reporting across multiple program locations.

Physics Faculty — [Priyadarshi Group of Colleges and Schools, Pune](#)

2024 – 2025

- Taught Physics with a strong focus on conceptual clarity, mathematical rigor, and real-world experimental demonstrations.
- Designed and conducted hands-on learning activities to strengthen students' practical understanding and physical intuition.
- Contributed to setting up activity corners and experiment-based learning stations for senior secondary Physics.
- Supported students in board exam preparation through structured, concept-driven lessons and systematic doubt clearing.

Senior Physics Faculty (Class 12) — [D.A.V. Public School](#)

2023 – 2024

- Taught Class 12 Physics with expert command over core theoretical concepts and numerical problem-solving techniques.
- Introduced experiment-based learning modules to make abstract concepts tangible and memorable for students.
- Assisted in physics laboratory organization, equipment calibration, and demonstration planning for board practical exams.
- Achieved exemplary academic results with high distinction rates through structured teaching and personalized mentoring.

 EDUCATION & ACADEMIC QUALIFICATIONS

COURSE / DEGREE	DIVISION	PERCENTAGE / CGPA	UNIVERSITY / BOARD	PASSING YEAR
B.Ed.	1st Division	72%	Kurukshetra University	2022
M.Sc. (Physics)	1st Division	8.09 CGPA	YMCA Univ. of Sci. & Tech., Faridabad	2020
B.Sc.	1st Division	77%	Kurukshetra University	2017
Senior Secondary (12th)	1st Division	88.4%	HBSE	2013
Secondary (10th)	1st Division	87.6%	HBSE	2011

 CORE SKILLS & TEACHING COMPETENCIES

 **Conceptual & Applied Physics:** In-depth theoretical mastery with rigorous mathematical and physical reasoning.

 **Experimental & STEM Lab Setup:** Complete architecture, equipment sourcing, and safety protocols for schools.

 **NEP 2020 Curriculum Alignment:** Competency-based lesson planning, inquiry-driven modules, and formative assessments.

 **Audio-Visual Learning:** Leveraging interactive simulations, smart displays, and visual animations to unpack mechanics.

 **Hands-On Pedagogy:** Experiential 'learning by doing' methodology with demonstrable 90% concept retention.

 **Composite Lab Design:** Multi-disciplinary lab spaces integrating Physics, Chemistry, Biology & Mathematics.

 **Faculty Master Training:** Conducting nation-wide teacher-training workshops and academic quality audits.

 **Academic Leadership:** Program planning, cross-functional coordination, student mentoring, and school outreach.

 SPECIALIZED AREAS OF EXPERTISE & LAB ARCHITECTURE

 1. Experimental & STEM Lab Development

- Designing, setting up, and operationalizing modern Physics, Experimental, and STEM labs in schools complying strictly with NEP 2020 norms.
- Developing cost-effective, durable, activity-based experiment kits that empower students to explore concepts through self-directed inquiry.

 2. Composite Lab Development

- Planning and architecting integrated composite labs combining Physics, Chemistry, Biology, and Mathematics for cross-disciplinary STEM learning.
- Coordinating directly with school trustees and principals for infrastructure readiness, equipment procurement, calibration, and safety compliance.

 3. Curriculum Development (NEP 2020 Aligned)

- Designing competency-based curricula and progressive lesson plans in line with NEP 2020's mandate on experiential and holistic education.
- Mapping practical experiments and interactive demonstrations directly to Class IX-XII CBSE & State board learning outcomes.
- Authoring structured teacher handbooks and activity manuals to maintain consistent instructional quality across partner branches.

 4. Experiential & Hands-On Teaching Across India

- Conducted over **100+ live experiential workshops** across premier institutions including **City Montessori School (CMS) Lucknow, D.A.V. Public Schools, Delhi Public School (DPS)**, and Government Model Schools in Odisha.
- Impacted over **5,000+ students** with intuitive physical models, live apparatus demonstrations, and curiosity-driven problem solving.

 5. Audio-Visual Learning & Concept Retention (90% Retention Rate)

- Pioneered multimedia-enhanced classroom modules coupling physical experiments with 3D simulations and dynamic visual graphs.
- Demonstrated a measurable **90% retention rate** among senior secondary students tackling traditionally difficult topics (Electromagnetism, Wave Optics, Rotational Dynamics, Modern Physics).

 KEY ACHIEVEMENTS & INSTITUTIONAL IMPACT

- STEM & Composite Lab Architecture:** Successfully led end-to-end design and commissioning of Experimental, STEM, and Composite Labs across multiple partner schools nationwide.
- Curriculum Adoption:** Authored NEP 2020-aligned curriculum modules and activity manuals widely adopted across network schools under Desco Education (Jigyasu).
- Pan-India Workshop Footprint:** Spearheaded over 100+ hands-on physics workshops in top institutions nationwide, engaging thousands of students and teachers.
- Master Trainer Distinction:** Recognized as an exemplary Master Trainer for delivering high-impact faculty development and practical pedagogy workshops.
- Unbroken Academic Record:** Maintained consistent **1st Division throughout entire academic journey** (from 10th and 12th through B.Sc., M.Sc. Physics, and B.Ed.).
- National Qualification:** Successfully cracked **GATE (Physics)**, along with qualifying both **CTET (Levels I & II)** and **HTET**.
